**REMARKS**

STAT

you have a suspense  
for OL for 23 Sept;  
response to SHURE Bros  
of Illinois.

of OLIPMS advised me  
this morning that they  
get information from  
them almost monthly. They  
responded in writing to them

DO NOT use this form as a RECORD of approvals, concurrences, disposals,  
in Aug. clearances, and similar actions

**GSA Update**

August, 1988

**FACT:** THE SHURE AMS (AUTOMATIC MICROPHONE SYSTEM) IS USED IN GROWING NUMBER OF MILITARY AND GOVERNMENT INSTALLATIONS (INCLUDING THE PENTAGON).

- REASONS:**
1. IT GREATLY IMPROVES AUDIO QUALITY AND HELPS SUPPRESS FEEDBACK.
  2. IT'S EASY TO INSTALL AND SET UP.
  3. IT PROVIDES FOOLPROOF OPERATION.

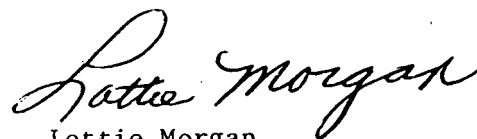

Shure was the first to develop an integrated, automatic microphone/circuitry system to control the number of open microphones in PA and recording systems. Since its introduction, the AMS system has become the number one choice among sound installers and broadcasters.

The AMS has been installed in hundreds of boardrooms, conference rooms, courtrooms, churches, colleges, and governmental and military facilities around the world. The system also has found a home in broadcast and security applications.

The variety of AMS microphones available makes the AMS perfect for any application. And the logic terminals that accompany each AMS channel permit many special capabilities, including chairman-controlled muting and automatic video camera switching.

The enclosed AMS brochure and copies of various "AMS Updates" will give you a comprehensive picture of the quality of the Shure AMS system and its versatility in handling the challenges posed by different kinds of critical audio applications.

If you specify and purchase the Shure AMS, you can do so with confidence. The AMS and Shure will back you up every time.

Lottie Morgan  
Vice President, Sales

LM:SW

P.S. All technical and system design questions can be answered by calling Michael Pettersen at 312-866-2512.

Your personal contact at Shure is Carolyn Gunnell. For general information, you can reach her at 312-866-2544.
